## Curriculum Vitae

Lewis A. Wheaton

Associate Professor  
School of Biological Sciences  
Georgia Institute of Technology  
555 14<sup>th</sup> Street, Room 1309E  
Atlanta, GA 30332-0356  
Lewis.wheaton@ap.gatech.edu  
<http://www.ap.gatech.edu/Wheaton/>  
<http://thecmlab.com>  
office: (404) 385-2339

Adjunct Associate Professor  
Department of Rehabilitation Medicine  
Emory University School of Medicine  
1441 Clifton Road N.E.  
Atlanta, GA 30322

### Research interests

- Neurophysiology related to planning and executing complex, cognitive motor tasks
- Higher-order motor disorders, ideomotor apraxia and related apraxias
- Mechanisms of skilled motor control recovery in amputation and CNS injury

### Education

Post-Doctoral	Baltimore Veterans Affairs Medical Center	2005-2008
Doctoral	Neuroscience and Cognitive Science University of Maryland, College Park & Human Motor Control Section NINDS, NIH	2000-2005
Undergraduate	B.S. Biology, Radford University	1995-1999

### Professional Employment

Associate Professor	Georgia Institute of Technology School of Biological Sciences	2016 - present
Associate Professor	Georgia Institute of Technology School of Applied Physiology	2014 - 2016
Assistant Professor	Georgia Institute of Technology School of Applied Physiology	2008 - 2014
Member	Children's Ctr. for Neurosciences Research Emory Children's Pediatric Research Ctr.	2011-present
Adjunct Asst. Professor	Rehabilitation Medicine Emory University School of Medicine	2011-present
Post-Doctoral Fellow	Baltimore Veterans Affairs Hospital	2005-2008
Research Fellow	NINDS, NIH	2001-2005

### Dissertation

- Role of Human Parietal and Premotor Cortical Areas in Complex Hand Movements, 2005

### Funding

#### Active Research Grants

**National Institutes of Health** PI: \$32,000 2014-2015  
**(NINDS) Clinical Research Loan**  
**Repayment Program - Renewal**

Updated: 12/27/16

<b>US Department of Veterans Affairs, Career Development Award (CDA-2)</b> <i>-Neural mechanisms of visual processing for action knowledge in aging</i>	Co-I: \$607,355	2012-2017
<b>Templeton Foundation</b> <i>- Homo faber: the Language of Technology</i>	Co-PI: \$50,206 (1.5 mo effort)	2014-2016
<b>National Science Foundation</b> <i>- IBBS: The Interrelated Development of Language and Technology</i>	Co-PI: \$349,352 (.7 mo effort)	2014-2017
<b>Center for Advanced Brain Imaging</b> <i>-Understanding the interaction of action semantics and internal models through motor control in human augmentation</i>	PI: \$15,000	2016-2017

#### Completed Research Grants

- Recognizing human gestures by context: seeing the difference, Georgia Tech/Georgia State University Center for Advanced Brain Imaging Seed Grant, \$10,500, 2011-2012  
Role: PI
- Noninvasive assessment of attention state from correlated oscillations in brain and muscle, Army Research Office, \$50,000, 2010-2011  
Role: Co-I
- Pantomiming and Tool-Use; a neuroimaging study, Georgia Tech/Georgia State University Center for Advanced Brain Imaging Seed Grant, \$10,000, 2009-2010  
Role: PI
- Veterans Affairs Research Enhancement Award Program Pilot Grant, “Selective Activation in the Stroke-Injured Brain by Manipulation of Task Complexity”, \$20,000  
Role: PI
- Veterans Affairs Pre-doctoral Dissertation Research Fellowship, “Stroke-Injured Cortical Activity and Adaptation in Lower Extremity Movement”, 2006-2008  
Role: Co-PI
- Sensory Feedback in Movement Training of the Lower Extremity (#A6063W), Department of Veterans Affairs Advanced Career Development Award (CDA-2), \$225,000, 2008  
Role: PI
- Exercise-induced Alteration in Brain Activity During Motor Performance Under Cognitive Stress, Army Research Office, \$50,000 (5% salary effort) 2012-2013  
Role: Co-I

Updated: 12/27/16

- -EFRI-M3C: Mobility Skill Acquisition and Learning through Alternative and Multimodal Perception for Visually Impaired People, National Science Foundation, \$2,104,671 (5% effort), 2011-2013  
Role: Collaborator

#### Completed Conference Grants

- “First International Conference of Ideomotor Apraxia”; 2004 – Office of Rare Diseases, National Institutes of Health  
Intramural Conference Grant  
Role: Co-PI
- “First International Conference of Ideomotor Apraxia”; 2004 – Movement Disorders Society Conference Grant  
Role: Co-PI
- “Meeting of the Workgroup on Ideomotor Apraxia”; 2005 – Office of Rare Diseases, National Institutes of Health  
Intramural Conference Grant  
Role: Co-PI
- “Meeting of the Workgroup on Ideomotor Apraxia”; 2005 – National Institute of Neurological Disorders and Stroke, National Institutes of Health Intramural Conference Grant  
Role: Co-PI
- Neural Correlates of Object Recognition and Action Workshop; 2009 – National Science Foundation  
Role: PI

#### **Awards**

- Cullen-Peck Fellow, 2016, Georgia Tech College of Sciences

#### **Professional Activities**

##### Societies

- Society for Neuroscience, 2000-present
- Society for the Neural Control of Movement, 2005-present
- Movement Disorders Society, 2005-2015
- National Rehabilitation Association, 2009-present
- American Society for Neurorehabilitation, 2005-present  
-Member, Program Committee, 2016-present

##### Conference Organization

- Co-Director, First International Conference of Ideomotor Apraxia, Rockville, MD; September 20-22, 2004
- Co-Director, Workshop on Ideomotor Apraxia, Washington DC; October 31-November 2, 2005
- Director, Neural Correlates of Object Recognition and Action Workshop, Atlanta, GA; September 28-30, 2009
- Program Committee Member, IEEE/NSF Workshop on Multimodal and Alternative Perception for Visually Impaired People, San Jose, CA, July 15-19, 2013

##### Teaching

*School of Applied Physiology, Georgia Institute of Technology*

-Directed Courses

- APPH 6237 Fundamentals of Human Neuroimaging  
-Spring, Fall 2010, Fall 2011, Spring 2014, 2015, 2016
- APPH 6239 Movement Disorders  
-Spring 2011, 2012, 2013, 2015
- APPH 4400/6400 Human Neuroanatomy  
-Fall 2012, 2013, 2014, 2015, 2016
- APPH 4400/6600 History of Neuroscience  
-Fall 2014, Spring 2015, Fall 2015, 2016

Updated: 12/27/16

- Savannah Cookson      Qualifying Exam Committee member      2014
- Derek Smith              Qualifying Exam Committee member      2016

School of Electrical and Computer Engineering, Georgia Tech

- Ashley Johnson              Predoctoral Advisory Committee Member      2009-2012

### Mentoring

Post-doctoral

- Mackenzie Carpenter, M.D., 2006-2008  
-Presently, Assistant Professor, Neurology, Johns Hopkins Hospital
- J.C. Mizelle, Ph.D., 2008-2010  
-Presently, Assistant Professor, East Carolina University
  
- Anna Berry, DPT, 2008-2010  
-Presently in Private Practice

Graduate Students

- Nikhilesh Natraj , Doctoral student (Applied Physiology), 2009-2015  
-Presently, Post-doctoral Fellow, University of California, San Francisco
- William Cusack, Doctoral student (Applied Physiology), 2009-2014  
-Presently, Principal Scientist, St. Jude Medical
- Rachel Kelly, Doctoral student (Applied Physiology), 2009-2015  
-Presently, Human Factors Scientist, Exponent
- Namrita O'Dea, Doctoral student (Applied Physiology), 2011-2015
- Irrum Niazi, Doctoral student (Applied Physiology), 2011-15
- James Broadway, Doctoral Student (Psychology), 2011-2014
- Ashley Johnson, Doctoral Student (Electrical and Computer Engineering), 2008-2012
- Victoria Poole, Doctoral Student (Biomedical Engineering, Perdue), 2008-2010
- Nikta Pirouz, MS (Prosthetics and Orthotics) Student, 2008-2010
- Sheryl Nathanson, MS (Prosthetics and Orthotics) Student, 2010-2011
- Mike Cope, MS (Prosthetics and Orthotics) Student, 2010-2011
- Scott Thach, MS (Prosthetics and Orthotics) Student, 2011-2013
- Rebecca Patterson, MS (Prosthetics and Orthotics) Student, 2011-2013
- Delisa Adams, MS (Prosthetics and Orthotics) Student, 2012-2014  
Best Capstone Project Award, 2014
- Dylan Lee, Doctoral student (Applied Physiology), 2012-present
- Laura Hughey, MS (Prosthetics and Orthotics) Student, 2013-2015  
Best Capstone Project Award, 2015
- Laura Williams, MS (Prosthetics and Orthotics) Student, 2013-2015
- Regan Lawson, Doctoral student (Applied Physiology), 2014-present
- Beth Petrunich, MS (Prosthetics and Orthotics) Student, 2015-2016
- Malone Gasler, MS (Prosthetics and Orthotics) Student, 2015-2016
- John Johnson, Doctoral student (Applied Physiology), 2014-present
- Kristel Bayani, Doctoral student (Applied Physiology), 2014-present
- Lauren Levinson, MS (Prosthetics and Orthotics) Student, 2016-present
- Sarah Mosley, MS (Prosthetics and Orthotics) Student, 2016-present

Undergraduate Students

- Jason Earnest - *Presidential Undergraduate Research Award (PURA)* Trainee, 2009
- Teresa Tang, Biology (Wake Forest University), BRAIN Award Trainee, 2009
- Yvonne Pella, Biomedical Engineering, 2011-2014
- Bianca Whitten, Business Management, 2010-2011
- Rhett Morrisette, Biomedical Engineering, 2010-2012
- Briana Shay, Biomedical Engineering, 2011-2012
- Alexis Oparah, Neuroscience (Duke University), BRAIN Award Trainee, 2011

Updated: 12/27/16

- Jackie Gilberto, Biology/Psychology, 2011-2012
- Gabriella Spinola-Khazami, Biomedical Engineering, 2012
- Rachel Isaac, Biomedical Engineering, 2012
- Fredrik Kamps, Macalaster College, BRAIN Award Trainee, 2012
- Daniel DeWitz, Viterbo University, BRAIN Award Trainee, 2012
- Sarah Mosely, Biology, 2012-present
- Kelly Neary, Biomedical Engineering, 2012-present  
*Presidential Undergraduate Research Award (PURA) Trainee*
- Lauren Levinson, Biology, 2012-2014
- Sumia Basunia, Biology, 2014-present  
*Presidential Undergraduate Research Award (PURA) Trainee, 2014*  
Best Presentation Award at the UROP Spring Symposium, travel award recipient, 2015  
Presidential Undergraduate Travel Award, 2015
- Shalini Pandya, Biology, 2014-2015
- Bennett Alterman, Biology, 2014-2015  
*Presidential Undergraduate Research Award (PURA) Trainee*
- Da Hee Lee, Biology, 2014-2015
- Marissa D'Souza, Computing, 2014-present
- Annie Swanson, Biology, 2015-2016
- Madison Kukura, 2015-present
- Tatyana Medina, 2015-present

#### Community Service

- Coordinator – Neuroscience Scholars Program, Patrick Henry High School, Roanoke, VA
- Nickajack Elementary School Council, Smyrna, GA

#### Government Service

- Member, State Rehabilitation Council, Georgia Vocational Rehabilitation Agency (GVRA), 2013-present

#### Academic Service

- Member, Georgia Tech Strategic Planning Steering Committee, 2009-2010
- Member, Center for Behavioral Neuroscience, Undergraduate Education Committee, 2009 - present
- Member, Data Safety Monitoring Board, Neural Systems, Inc., 2009-present
- Member, Center for Advanced Brain Imaging Operations Committee, 2009-present
- Member, Center for Advanced Brain Imaging Director Search Committee, 2011-present
- Member, Dean's College of Sciences School of Applied Physiology Chair Reappointment Committee, 2012
- Judge, 2012 Georgia Tech Graduate Technical Symposium ([GT<sup>2</sup>])
- Member, Student Activities Committee, Georgia Tech, 2013-present  
-Chair, 2015-16
- Member, NeuroX Task Force, Georgia Tech, 2013-present  
-Educational Opportunities subgroup member
- Member, CoS Neuroscience Major Curriculum Committee, Georgia Tech, 2014-2015
- Member, Neuroscience Undergraduate Curriculum Committee, Georgia Tech, 2014-2015
- Co-PI, Race and Racism in Contemporary Biomedicine Working Group (funded through GT-FIRE), 2014-present
- Chair, College of Science Neuroscience Faculty Search Committee, 2016-2017

#### **Book Chapters**

- **Wheaton, L.A.** Neuroplasticity in apraxia rehabilitation. In: Tracy J., Hampstead B., Sathian, K. (eds.) *"Plasticity of Cognition in Neurologic Disorders"*. Oxford University Press, 2014

#### **Published Manuscripts**

#### **Invited Talks**

##### 2003

- National Institute of Neurological Disorders and Stroke, National Institutes of Health, Bethesda, Maryland
- University of Maryland, College Park, 2003

##### 2004

- Physical Therapy and Rehabilitation Sciences, University of Maryland, Baltimore
- Psychology, University of Maryland, College Park
- Neuroscience and Cognitive Sciences, University of Maryland, College Park
- Department of Neurology, Columbia University Medical Center, New York City, New York
- Department of Neurology, University of Maryland School of Medicine, Baltimore
- Kinesiology, University of Maryland, College Park
- First International Conference on Ideomotor Apraxia, Rockville, Maryland, 2004

##### 2005

- NINDS Grand Rounds, National Institutes of Health, Bethesda, Maryland
- Georgetown University, Washington DC
- Department of Physical Therapy, University of Maryland, Baltimore

##### 2006

- Department of Biological Sciences, Old Dominion University, Norfolk, Virginia
- University of Kansas Medical Center, Kansas City

##### 2008

- Department of Physical Therapy, University of Maryland, Baltimore, Maryland
- Department of Kinesiology, Indiana University

Updated: 12/27/16

- Department of Applied Physiology, Georgia Tech
- Neuroscience of Rehabilitation Seminar Series, University of Maryland School of Medicine
- 38<sup>th</sup> Annual Society for Neuroscience, Mini-symposium, Washington DC

#### 2009

- CEU Series, Emory University School of Medicine
- Crawford Research Institute, Shepherd Center
- Neurology Grand Rounds, Emory University School of Medicine
- Department of Psychology, Georgia Institute of Technology
- Neural Correlates of Object Recognition and Action Workshop, Atlanta, Georgia

#### 2010

- The Coca-Cola Company, Atlanta
- Atlanta Human Factors and Ergonomics Society Meeting, Atlanta
- Italian Society of Experimental Psychology, Bologna, Italy
- Integrative BioSystems Institute, Georgia Tech, Atlanta
- International Congress of Clinical Neurophysiology, Kobe, Japan

#### 2011

- Department of Psychology, Morehouse College, Atlanta
- Shepherd Center, Atlanta
- School of Biomedical Engineering, Georgia Tech, Atlanta
- Spinal Cord Injury Research Program, Shepherd Center, Atlanta

#### 2012

- Department of Psychology, Emory University
- Department of Rehabilitation Medicine, Emory University School of Medicine

#### 2013

- Veterans Affairs Medical Center, Atlanta GA
- School of Applied Physiology, Georgia Tech, Atlanta

#### 2014

- Department of Anesthesiology, Emory University School of Medicine  
(symposium and expert roundtable on “Using the EEG to Link Neuronal Spiking to Human Behavior”)
- University of Georgia, Athens, GA
- Department of Psychology, Georgia Tech

#### 2015

- Neuroscience, Georgia State University

#### 2016

- The University of North Carolina Health Care Trauma Conference
- Kinesiology, East Carolina University
- Workshop on "From Tools and Gestures to the Language-Ready Brain", Atlanta GA

#### **Conference Oral Presentations**

- “Neurophysiology of Pantomime”, First International Conference on Ideomotor Apraxia, Rockville, Maryland, 2004
- “Preparatory EEG Activity Related to Improved Performance in the Upper and Lower Extremities”, 38<sup>th</sup> Annual Society for Neuroscience Mini-symposium, 2008
- “Motor Learning and Motor Apraxias”, Neural Correlates of Object Recognition and Action Workshop, Atlanta, Georgia, 2009

Updated: 12/27/16

- “Neural Activation for Identification of Correct Versus Incorrect Tool-Object Pairs”, Mizelle J.C. & **Wheaton L.A.** 39<sup>th</sup> Annual Meeting of the Society for Neuroscience, 2009
- “Una mano, due oggetti: emergere delle affordances nei contesti” (“One hand, two objects: emergence of affordances in context”), Flumini A., Natraj N., **Wheaton L.A.**, Borghi A. Italian Society of Experimental Psychology, 2010
- “Context and Hand Posture Modulate the Neural Dynamics of Tool-Object Perception.” Natraj N., Poole V., Mizelle JC, Flumini A., Borghi A, **Wheaton L.A.** 40<sup>th</sup> Annual Meeting of the Society for Neuroscience Nanosymposium, 2011
- “When a glass calls: the anatomy of a toast.” Scorolli, C, Miatton, M, **Wheaton, L.A.**, Borghi, A.M. 5<sup>th</sup> International Conference on Spatial Cognition (Rome, Italy), 2012
- “The human cognitive-motor action interface: integration of central and peripheral nervous systems for tool use.” **Wheaton, L.A.** 85<sup>th</sup> Annual meeting of the American Academy for Physical Anthropology, 2016
- “The Changing Face of HIV: toward an intersectional understanding of race and HIV in the south.” Pollock A, Creary M, Gibson R, Platt M, Sewell AA, Singh J, **Wheaton LA.** Politics of Health in the U.S. South, Vanderbilt University, 2016

#### Conference Poster Presentations

- **Wheaton, L.A.** & Hallett, M. Cortical mechanisms for the preparation and execution of praxis. *33rd Annual Society for Neuroscience Meeting*, New Orleans, Louisiana, 2003
- **Wheaton, L.A.** & Hallett, M. Location and lateralization of movement related activation during praxis. *Joint Meeting of the American Association for Electrodiagnostic Medicine/International Federation of Clinical Neurophysiology with the American Clinical Neurophysiology Society*, San Francisco, CA  
**-Published in *Muscle and Nerve*, 2003, 28: Supplement 12, S169**
- **Wheaton, L.A.** Nolte, G. and Hallett, M. Functional networks relevant to preparation of praxis hand movements. *First Annual Graduate Student Research Symposium*, Bethesda, Maryland, 2003
- **Wheaton, L.A.**, Nolte, G. and Hallett, M. Functional parietofrontal networks in humans for praxis performance. *34th Annual Society for Neuroscience Meeting*, San Diego, CA, 2004
- **Wheaton, L.A.**, Sato, S., Hallett, M. Human epicortical recording of motor related areas involved in praxis hand movements. *Bioscience Day 2004*, College Park, Maryland
- Bohlhalter, S., Fridman, E., **Wheaton, L.A.**, Hattori, N., Grafman, J., and Hallett, M. Hemispheric lateralization of normal and impaired praxis movements: an event-related functional fMRI study. *9<sup>th</sup> International Congress of Parkinson's Disease and Movement Disorders*, New Orleans, LA  
**-Published in *Movement Disorders*, 2005, 20: Supplement 10, S39**
- **Wheaton, L.A.**, Sato, S., Mari, Z., Hallett, M. Movement related activation of parietal and temporal cortices revealed by epicortical recordings in humans. *Neuroscience and Cognitive Science WinterFest 2005*, College Park, Maryland
- Bohlhalter, S., Fridman, E., **Wheaton, L.A.**, Hattori, N., Grafman, J., and Hallett, M. Hemispheric lateralization of normal and impaired praxis movements: an event-related functional fMRI study. *57<sup>th</sup> Annual Meeting of the American Academy of Neurology*, Miami, FL
